Career Objectives

Driven researcher and aspiring statistician dedicated to advancing the world through evidence-based research. Committed to leveraging statistical insights and advanced analytical tools to inform policy, enhance society, and promote sustainable community development.

Research Experience

Junior Research Fellow   *2024–Present*
Bangladesh Research Society (BDRS)

- Led and supervised two junior research teams, conducted quarterly reviews, directed project goals, and ensured on-time project delivery.
- Conducted training sessions on advanced statistical tools such as Stata and SPSS, emphasizing practical applications in data analysis

Teaching Experience

Trainer   *2024 – 2025*
Bangladesh Institute of Innovative Health Research (BIIHR)

- Instructed over 250 students and professionals in quantitative research methods, including biostatistics, SPSS, STATA, and R.
- Developed innovative teaching resources, including video tutorials and interactive workshops, enhancing retention and practical application of statistical methods in research contexts.

Education

Bachelor of Science in Statistics
University of Dhaka, Dhaka.
Graduation: 2025 | CGPA: 3.66/4.00

Higher Secondary School Certificate (HSC)
Notre Dame College, Dhaka.
GPA: 5.00/5.00 | Science Stream | 2019

Secondary School Certificate (SSC)
Sristy College of Tangail, Tangail.
GPA: 5.00/5.00 | Science Stream | 2017

Academic Project

Factors Influencing Planned and Unplanned Suicide Methods in Bangladesh: A Logistic Regression Approach.

- Research Lead – Directed project design, oversaw data cleaning, conducted logistic regression analysis, and authored the methodology and discussion.
- Identified crucial social determinants impacting suicide methods, aiding in the development of targeted prevention strategies for at-risk groups.

Paper & Publication

Exploring PTSD in the Aftermath of the 2024 Quota Movement: Demographic and Psychological Insights from Bangladesh (Under Review)

- Lead Co-Author & Corresponding Author – Oversaw data cleaning and analysis; contributed to writing the manuscript and correcting errors.
- Identified the key demographic and psychological factors influencing PTSD, offering insights for targeted interventions among affected populations.

Research Skills and Technical Proficiencies

Data Collection & Profiling: Kobo Toolbox, Microsoft Excel, Google Spreadsheet.
Data Analysis: SPSS, STATA, SAS, R, RStudio.
Data Visualization: Power BI Desktop, Tableau Public.
Referencing & Bibliography: Zotero, Mendeley.
Manuscript Writing & Presentation: Microsoft Word, Microsoft PowerPoint.
AI Tools: Grammarly, Quillbot, Turnitin, Typeset.io (formerly SciSpace), Consensus.ai, Researchrabbit.ai.

Courses and Certifications

Google Data Analytics Professional Certificate   *August 7, 2021*
Google | Duration: 6 months | Medium: Coursera
Verification: https://www.credly.com/badges/ce70296f-6069-4316-843e-38246ab1afb7/public_url

Extra-Curricular Activities

Writer – *The Papyrus*, Department of Statistics, University of Dhaka.   *2020-2024*
- **Achievement:** Authored 5+ creative pieces, including thrillers, spy stories, fantasy narratives, and essays, enriching the magazine with diverse genres and fostering student engagement widely.

Former Member – Notre Dame Science Club, Notre Dame College.   *2017-2019*
- **Achievement:** Participated in 4+ science fairs, developed team collaboration, and strengthened scientific communication skills.

Leadership and Community Engagement

National Officer (Climate Action Wing)   *2024–Present*
Positive Plus Foundation
- Led more than 150 volunteers to implement climate resilience programs, including disaster response in flood-prone areas, guided by data-driven impact assessments.
- Led research projects that examined mental health, resilience, and PTSD prevalence among underrepresented populations, with findings submitted for publication.
